### ***Electric hot air welding tool Cat. No. 2020***

**Reference:** 2020

**Price:** 364,38 € Excl. Tax 437,26 € Incl. Tax

#### **Description**

The new Ref. 2020 hot air gun is robust and powerful. It has a practical, resistant design and a high air flow rate of 400 liters per minute.

It's also universal, since it can weld all thermoplastic materials.

With its low weight, it enables professional, efficient welding of the highest quality.

The 230V unit has a heating capacity of 1600 W and a highly reliable electronic control system capable of withstanding temperatures of up to 600°C.

The commutator brushes have a long service life of up to 1,500 hours. In addition, the commutator brushes are equipped with a switching device and can be replaced several

times.

The air-cooled outer body of the heating element can be used with two different nozzle shapes not supplied with the unit.

40 mm flat nozzle: Ref. 20102

40 mm flat angled nozzle: Ref. 20104
