### ***Hose carrying handle Cat. No. 36774***

**Reference:** 36774

**Price:** 7,57 € Excl. Tax 9,08 € Incl. Tax

#### **Description**

As you have probably already noticed, carrying and removing hoses that are 10 or 20 metres long at the beginning or end of a roofing job is always a nuisance.

The hoses get tangled up or stuck... In a word, it's a nightmare. This is why, following extended consultation with you, our customers, the Express R&D teams designed this "hose carrying" handle, so you can transport your hoses with ease, no matter how long they are.

Whether they are 5, 10 or even 20 metres long, this accessory is compatible with all hose lengths and you will soon wonder how you ever managed without it. In fact, because it is so handy that one of your colleagues is sure to "borrow" it before long, we decided to sell

it in packs of two!

You can never be too well prepared!
