Metal stand for Express roofing iron Ref. 16248

Reference: 16248

Price: 24,05 € Excl. Tax 28,86 € Incl. Tax

Description

Yes, anything can happen on a building site!

It's with you in mind that we're offering for sale online this new Express reference of our metal support leg for Express roofing irons Cat. No. 16248, which, when sold in pairs, becomes Ref. 16248.

Although it's exceptionally strong, working conditions on a roofing site sometimes make it difficult to keep your roofing iron and this 'grasshopper' support in good condition.

So here it is, available for sale online in 2-piece sets, because you can never be too careful, and having one in advance can be very useful.

We won't explain here how to set it up, but a good pair of pliers and a bit of energy should do the trick!
