Titan' Express roofer's pack 6120

Reference: 6120

Price: 171,83 € Excl. Tax 206,20 € Incl. Tax

Description

Covering a wide range of applications, including drying, road marking, snow removal, disinfecting and thermal weeding, this roofing torch is extremely popular with professional users.

In addition to the versatility of this series of roofing torches, it also offers the advantage of being 50% lighter than the previous range.

This roofing torch pack, designed for professional users, includes a titanium burner Cat. No. 100T, a neck tube Cat. No. L400, a handle with trigger Cat. No. 650, a 10-metre hose Cat. No. 963/10 and a 4-bar regulator Cat. No. 684.

The roofer's torch in this pack is a valuable companion for professional roofers on the job. The roofing torch also delivers more power than less technically advanced products.

This reference can be delivered to you within 72 hours of receipt of your payment.
