### ***Support fitting for roofing torches Cat. No. 4740***

**Reference:** 4740

**Price:** 4,51 € Excl. Tax 5,41 € Incl. Tax

#### **Description**

When performing work requiring complete immobility of the tool and its accessories, you need something to keep your roofing torch neck tube held steadily in place.

That's why this clever glass-fibre-reinforced polyamide support fitting (Cat. No. 4740) has been designed. It can be used equally well with both Titan'Express and Stainless'Steel Express roofing torch neck tubes to bring you proven stability.

Don't hesitate to order several in advance, it's always practical. They'll be delivered within 72 hours of receipt of your payment.
