Description

A Waterproofing Torch Lance — Simply Indispensable with its CRA Connector!

Guilbert Express offers you a waterproofing torch lance that combines power, durability, and lightness!

Whether you are a professional working in building finishing, particularly waterproofing, or a private individual, Guilbert Express specializes in the manufacture of welding tools and provides top-quality equipment featuring a unique connection system: the CRA, developed for the waterproofing torch Ref. 6223CRA and the roofer's torch Ref. 6423CRA.

An Express waterproofing torch is, by definition, a torch of outstanding quality!

Powerful and resistant, the Titan' Express is a roofer's torch that will perfectly meet your needs for quick connection. This set includes a Titan' Express burner cup Ref. 150T, a special waterproofing neck Ref. L600 for full-surface work, and a male quick connector

Ref. 912.

This waterproofing torch combines both lightness and performance, making it a must-have in its category!

If Guilbert Express succeeds in satisfying its customers by producing products of such quality, it is thanks to its 120 years of experience in the welding tool industry. You too can benefit from our wide range of practical and efficient tools offered at very affordable prices.

This item, available for online purchase, can be delivered to you within 72 hours of payment receipt.
