Description

With the 50TL200 CRA titanium torch, Guilbert Express marks a decisive breakthrough for waterproofing professionals. Compact (130 mm), powerful (50 kW), and built to last, it is aimed directly at owners of the 6223CRA and 6423CRA sets, offering them the opportunity to give their equipment a new lease of life. The result of the R&D teams' work, this torch illustrates the brand's ability to push the sector's standards further.

Designed both for building finishing professionals and demanding users, the Express waterproofing range stands out with top-tier welding solutions: lightweight, robust, and high-performance, it meets on-site needs without compromise.

With this new product, Guilbert Express reaffirms its role as an essential partner for

bituminous waterproofing craftsmen, by offering reliable tools, simple to use and immediately available, with delivery within 72 hours after order and payment confirmation.
